Healthful Cleanliness

Cleanliness is necessary to health. Old Dutch brings bealthful cleanliness: removing surface accumulations, and inhealthful cleanliness; removing surface accumulations, and in-visible impurities as well. This is important in the bathroom.

The bath removes body impurities. These impurities cling to the tub, they are invisible, and are not removed by rins got ordinary cleaning. Laboratory tests prove that Old Dutch eliminates them. Cleaning the tub with Old Dutch each time it is used assures bealthful, spick and span cleanlines at all times.

Old Dutch efficiency is due to distinctive quality and character. To the eye a fine powder—under the microscope its particle are falsy and flat shaped. They make complete contact with the surface, erasing all impurities without soratoling. This extraordinary, natural detergent makes Old Dutch Cleanser unequalled for commy, case, and quickness, and above all assures you healthful deanliness. Good surface—last longer.

There is nothing else like Old Dutch
